

BIG WAUPUN FIRE
MAY PROVE FATALCity Laid Waste And Six Men
Are Injured.EXPLOSION IN A STORE SENT
THE DEBRIS SKYWARD.

Lumber and Bricks Fell in the Crowd and Many Spectators Were Painfully Hurt—Whole Business Part of the Town Was Wiped Out, And the Losses Will Aggregate \$40,000 Well Insured—Help Sent From Oshkosh.

Waupun, March 15.—Fire devastated Waupun last night. The business part of the town was wiped out and six men were injured by an explosion, one fatally.

They are:
Horatio Sargeant.
John Mickeljohn.
Anderman Jones.
A. C. Scott.
John Leiers.
Joe Weitberg.

Mickeljohn cannot recover. The explosion occurred in one of the burning stores and tossed the debris high in the air. Walls fell with a crash and the wildest excitement ensued. Many other people were slightly injured but none seriously. The fire department fought bravely and did very effective work while citizens hastened to minister to the injured and remove them to places of safety. The blaze was getting the best of the firemen when a dispatch for help was sent to Oshkosh. An engine was hurried to the scene from the Sauk city and the flames were finally controlled.

The loss will reach \$40,000, and the insurance will aggregate about \$30,000. The main losers are:
McIntyre building \$4000.
Barham block \$4000.
Batterfield block \$7000.
Damming & Wakefield \$4000.
Dr. Larrabee \$2000.
The other losses will aggregate \$1500, about half insured.

THE INCOME TAX.

Arguments for and Against the Levy
Made Yesterday.

Washington, March 12.—Assistant Attorney General Whitney resumed his argument in sustaining the income tax law before the Supreme court of the United States yesterday. He contended the limit of \$4,000 fixed by the law was not class legislation. Mr. Whitney took up the claim that the federal government can not tax municipal and local securities held by individuals, as, for instance, bonds issued by New York city. He said it had been decided in the case of Bonaparte against the state of Maryland that a state could tax bonds of the city or state of New York. If the state could exercise this power why could not the federal government do the same.

Mr. Edmunds, counsel against the tax, stated the contention of his client against an invasion of his rights and an inspection of his private books and papers. The worst tyranny in history was that which came in the guise of a tax.

Speaking of the income tax law he referred to the provision that the taxpayer was required to make his return to deputy collectors. He said the deputy was not recognized as a legitimate officer under the constitution. He criticized many other features of the law providing for the collection of the tax, and pointed out that it left no room for resort or appeal to the courts, but left to the revenue officers the adjustment, who, he said, were not only the final judges but the inquisitors as well. Mr. Edmunds asked the court to overrule its former decision on the income tax as given in the Springer case. "Let us," he said, "come back to the true rule of the constitution." He argued that the last congress had overstepped the limits of the constitution in imposing this tax. Mr. Edmunds closed with a plea for equality in taxation. He declared it to be the mission of the Supreme court, the tribunal of last resort, to correct such mistakes and make a last appeal for a return to the principles of equality and uniform justice, even if in doing so it became necessary for it to reverse a former decision. Attorney General Olney will speak to-day.

NEW DESIGN OF MONEY ORDERS

Decrease of Fees and Abolition of Postal
Notes Increase Their Use.

Washington, March 12.—Postmaster General Bissell has under advisement a new design of money order, which will give greater facility in handling and in separating the coupon from the money order. It is nearly the size of the ordinary bank check, and this fact, it is thought, should increase its use. This statement is contained in a letter sent by Mr. Bissell Feb. 11 to the joint committee of congress inquiring into the methods of transacting business in the executive departments. The postmaster general incloses a report of the superintendent of the money order system, which, he says, "shows the decrease charged for money orders has increased the business and that the amount of decrease in fees received for the quarter ending Sept. 30, 1894, has been more than counterbalanced by the amount saved in the reduction of the rate of commissions to postmasters; and it is further shown that the abolition of the postal notes has resulted in the use of their stead of money orders, which afford greater protection to the people using them."

HARRY HAYWARD MUST HANG.

Convicted Murderer of Miss Gung Has But
Three Months To Live.

Minneapolis, March 12.—Harry T. Hayward, convicted of the murder of Catherine Gung, has three months to live. Sentence was passed on him by Judge Seagrave Smith yesterday, after a motion for an arrest of sentence by Mr. Erwin had been denied. Harry came into court in the same leisurely, calm manner that has characterized his demeanor all through the trial and surveyed the crowd coldly while the handcuffs were being removed. Judge Smith agreed to examine the grounds urged for a new trial on March 28 and then passed sentence. He said he had no doubt whatever that the verdict was a just and righteous one, and while he did not believe in capital punishment it was his painful duty to pass sentence in accordance with the law. "The sentence of this court," he continued, "is that you be taken to the Hennepin county jail and there confined until, after a period of three months, at a time fixed by the governor of this state, you be taken to the place of execution and hanged by the neck until you are dead."

Harry listened calmly and sat down without the slightest show of feeling.

WANTS A DIVORCE.

Daughter of Chief Justice Fuller Tired
of Her Husband.

Chicago, March 12.—As a sequel to a runaway marriage which created a sensation in March, 1893, Mrs. J. Matt Aubrey, the daughter of Chief Justice Fuller, has applied to the circuit court for a divorce. The causes leading up to this action are well known to the newspaper-reading public. Since the elopement and marriage the life of Mrs. Aubrey has been anything but a peaceful and happy one, owing, it is charged, to her husband's habits. In October, 1893, it will be remembered, she was forced to leave young Aubrey and return to her family. Since then she has resided in Washington. Aubrey has been in trouble at various times and was arrested some time ago at Sioux City for alleged non-payment of a hotel bill. His father came to the front on each occasion and helped his wayward son out of his difficulties. Mrs. Aubrey was Pauline Cony Fuller and years ago her family lived near that of young Aubrey at 38th street and Vincennes avenue. When it became apparent to the chief justice that his daughter was in love with young Aubrey, he disapproved of the match, it is said, but the young people were determined to defy parental authority, and on March 19, 1893, they ran away to Milwaukee and were married. Mr. Aubrey, Sr., had a good position with a railroad company and his son was in the same business with prospects of advancement and success. Therefore the young couple were forgiven and their married life began with every omen of happiness.

No New Trial for Leonard.

San Jose, Cal., March 12.—H. M. Leonard, the Santa Clara bank-wrecker, who, together with Cashier C. C. Hayward, now deceased, precipitated the failure of the bank by borrowing money from the bank, bids fair to go to jail for at least three years, as the supreme court has sustained Judge Reynolds in denying a new trial. Besides this case there are seven indictments for embezzlement and one for falsifying records that are yet untitled. Leonard and Hayward took about \$240,000 from the bank.

Seven Go Down.

Oxford, Md., March 12.—The oyster dredging schooner Ida V. Seward was capsized in Broad creek, Talbot county, Saturday, and it is supposed the crew, consisting of seven men, were drowned. The captain of the vessel was Benjamin F. Wilson of Oxford. Lewis Sanders of Williamsport, Pa., was one of the crew. The names of the others are not known. The oyster police sloop is searching for the missing men or their bodies.

Lynching Likely in Ohio.

Wooster, O., March 11.—John Spencer, commissioner of Holmes county, was waylaid by two colored men near Apple Creek. He resisted and was shot four times, and it is said he will die. Spencer had over \$200 in his pockets. The men are the same fellows who robbed men near Akron, Canton, and Wooster. A big posse is in pursuit, and if the villains are captured there is little doubt that they will be lynched.

Will Investigate Alleged Blacklisting.

Denver, Colo., March 12.—In accordance with a resolution adopted by the senate Senators Fuller, Fulton, Armstrong, and Carley were appointed a committee to investigate the charges of blacklisting by the railroad companies of the members of the American Railway Union and those who took part in the strike last year.

To Reach Victoria by Rail.

Victoria, B. C., March 12.—The Great Northern railway is to be extended to Victoria. The proposition is to connect the mainland of the state of Washington with the island of Vancouver by a ferry built to carry the cars to make a landing short way out of Victoria and run into the city.

Money Caused His Death.

Fall River, Mass., March 12.—Patrick Sullivan went to bed last night with a silver dollar, a 25-cent piece and a 5-cent piece stored in his mouth. When Mrs. Sullivan went to call her husband to breakfast this morning he was dead, having swallowed the coins and choked to death.

Must Suffer This Time.

Cheyenne, Wyo., March 12.—Charles Boulter, a retired cattleman, tried for the murder of Thomas O'Neill, has been convicted of manslaughter, the jury having been out forty-eight hours. Boulter has killed three men in the last ten years but has heretofore escaped punishment.

Worth Is Dead.

Paris, March 12.—Worth, the famous man milliner, is dead. The great dress-maker, among whose patrons were the queens of the earth, succumbed to a severe attack of influenza which until a short time before his death bade fair to pass away.

THE STRIKERS WIN
THE BIG BATTLEEIGHT THOUSAND MEN RE-
TURNED TO WORK TODAY.

The Scene at Pittsburg Is Now Quiet and Peaceful In Consequence of The Complete Surrender of The Owners And Their Agreement To Pay The Price Demanded.

Pittsburg, March 12.—Eight thousand miners went to work this morning and all is now peaceful and quiet. The river coal operators met yesterday and surrendered to the strikers agreeing to pay 2½ cents a bushel in the first three and 2½ cents in the fourth pool. This is the same as 69 cents a ton. The 8,000 river miners on strike will go to work at once. The break was caused by a rise in the river, which brought scores of empty craft that had to be loaded to the mines, so the railroad operators say when these boats are filled the river mine owners will stop paying the rate. Sixty railroad mine owners attended the meeting to discuss the strike situation and fifty of them voted to continue the struggles. It was decided to hold no more conferences with the strikers, and the conference committee was discharged. Henry Florsheim wanted the association to expel every operator who gave in to the miners. The backsliders were present and made a satisfactory explanation about contracts that had to be filled. Col. W. P. Rend of Chicago had a scheme to fight the New York and Cleveland and Pittsburg and Chicago gas coal companies. These concerns, it is said, are causing all the trouble between the operators and miners. Nothing was done. The Youghiogheny Coal company started No. 1 mine to get out coal for the eastern market at the 61 cent rate. The diggers at Essen No. 1, who refused to strike, are now out. The Castle Shannon men also struck.

The river operators decided unanimously to pay the 69-cent rate until the barges on the river are filled and while the boating stage lasts; but the railroad operators as unanimously refused to accede to the demands of the miners and will pay no more than 55 cents. By the decision of the river operators the entire river district will resume work at once, which creates great rejoicing among the men. President Cairns says 4,000 miners will be added to those already at work. He says these, together with those who have had the demand granted before, in both rail and river mines, will make the number between 13,000 and 14,000 at work out of the 20,000 in the district.

The Haverhill Strike.

Haverhill, Mass., March 12.—In consequence of the vote of the strikers yesterday to declare the big strike off, there were crowds before the door of every factory before the time for opening today. More than 500 of the 700 strikers applied for their old positions to-day, but up to noon only 100 had been reinstated.

TWO MINERS SUFFOCATED.

Fire in a Mine in Winnipeg Results Fa-
tally.

Winnipeg, Man., March 12.—The shaft house at the famous Sultana gold mine, fourteen miles from Rat Portage, caught fire early yesterday afternoon and before the flames were discovered they completely enveloped the building. This of course shut off the air supply to the mine. Shortly after 2 o'clock the fire was extinguished in the shaft and the men descended it and found six men on the first level, apparently all suffocated. They descended to the lower level and found three more, but these men were in better condition. The first three raised were suffering severely, but were resuscitated after a short time. The fourth man, John Lagler, was very low when he arrived at the surface, and died shortly afterward. The others all recovered, excepting Ridolph Erickson.

The air shaft ignited and caused suction of air from the bottom of the shaft, depriving the men of fresh air, and also causing smoke to descend the shaft. When found all were unconscious and leaning against the side of the shaft.

Important Ruling on the Income Tax.

Washington, March 12.—The treasury officials have made an important ruling in respect to the liability under the income law of dividends received from corporations. It is held that dividends received by a resident of the United States from corporations, foreign or otherwise, doing business wholly without the United States and having their principal office and property out of the United States, must be returned as income. Such corporation not being liable on its net profits, the dividends must be returned as income by the persons receiving the same.

Gen. Harrison Greatly Improved.

Indianapolis, Ind., March 12.—Ex-President Harrison's condition continues to improve. His physician is gratified with the speedy disappearance of the lung trouble, and but for the cold in the head and the bronchitis he would regard Mr. Harrison as about convalescent. There has been a flood of telegraphic inquiries from all parts of the country and many of the general's friends have called at the residence, but only two or three intimate friends have been admitted to the sick room.

Rumor of More Turkish Atrocities.

London, March 12.—According to a dispatch from Constantinople unconfirmed rumors were current of fresh disorders at Karahissar, in the Vilayet of Sivas, Asiatic Turkey. Additional advices from the same source say many Armenians have been killed and wounded at Karahissar.

NEGROES ARE SLAIN
BY THE WHITE MENBLOODY BATTLE AT NEW OR-
LEANS THIS MORNING.

Crowd of Fifty Whites Fired Into the Colored Workmen On the Levee And It Is Said That Twelve Men Were Killed—The Tontogany Mystery.

New Orleans, March 12.—A crowd of fifty whites fired on the negro laborers this morning, and it is reported that twelve were killed. The situation is decidedly alarming, today's outbreak following so closely on the labor riot that occurred yesterday on the levee. The attack of the mob Saturday night on the storehouse of the West India and Pacific steamship company had caused the mobilization of the police. At 10 o'clock a small body of colored people walked past Josephine street, when a mob of 150 to 200 whites set upon them. Thirty or forty shots were fired at the negroes, who fled in all directions. The shooting was without provocation. Two of the negroes were shot. Both are possibly fatally wounded.

The labor situation is now deemed desperate. The police are unable to cope with the situation, and Mayor Fitzpatrick has not hesitated to express his sympathy with the strikers. The white screwmen refuse to go to work except on an unconditional surrender to their terms, and they have prevented by force of arms the negroes from taking their places. The steamboat agents have tried every expedient to remedy the trouble. They claim they are unable to load or unload their vessels, and that the actions of the armed mobs of screwmen are ruining the commerce of the port. Yesterday they demanded that Gov. Foster call out the militia to take charge of the levee.

Another Chapter in a Murder Mystery

Toledo, Ohio, March 12.—Another chapter has been added to the Tontogany murder mystery. Miss Nellie Harting was discharged from custody yesterday after a consultation between the state's attorney and counsel for the defense. Prosecutor Murphy said he was unable to secure evidence sufficient to hold the prisoner. The sheriff says he would like very much to get hold of a Mr. Dennis, a commercial traveler, who was staying at Tontogany the night of the murder and who was one of the first at the scene of the murder after the crime was discovered. Dennis' whereabouts are unknown.

Death of a Famous Embezzler.

Brattleboro, Vt., March 12.—News has been received here of the death in Omaha, Neb., of Silas M. Waite, aged 75 years, who looted the First National bank of this city, of which he was president and cashier. He committed forgeries amounting to \$300,000 in 1880 and fled, leaving the institution with liabilities of half a million, to offset which there was \$100,000 deposited in bonds at Washington. He was sentenced to six years' imprisonment on the charge of making false returns, but was never tried for embezzlement. After serving his term he returned to Omaha, where he became connected with banks and trust companies.

Kolb May Adopt Subversive Methods.

Montgomery, Ala., March 12.—Capt. Kolb, who says he is Alabama's rightful governor, left Montgomery yesterday for Birmingham, to be present at the meeting of the state executive committee to-day called for the purpose of determining whether the party shall adopt revolutionary measures to seat a strong communication to the committee. It is understood here that Kolb favors revolutionary methods. It is said the committee will be about evenly divided on Kolb's proposition.

Uncle Sam's Fleet in the South.

Colon, Colombia, March 12.—The United States cruiser Raleigh has arrived here from Port of Spain, Trinidad. A detachment of thirty-five soldiers was sent from this place to Bocas del Toro yesterday. The expedition which attacked Bocas del Toro arrived at that place from Greytown in the schooner Favor de Dios, which has since been towed to Bocas del Toro. It had on board eighty rifles and 20,000 cartridges. The United States cruiser Atlanta is still at Bocas del Toro.

Strength of Cuban Rebels.

Tampa, Fla., March 12.—Dr. Pastol Burgess, a practicing physician here who fought through the last revolution in Cuba, received a letter from Guantanamo which says Gen. Santos Perez, a chief of former revolutions, is at the head of 1,000 men, who have united with Henry Brooks' army of 4,000. This force has taken the town of Tiguabo, a place of 5,000 inhabitants.

Methodists Vote Against Women.

Baltimore, Md., March 12.—At the forenoon session of the Baltimore Methodist conference yesterday reports were made on a question known as the "Hamilton amendment," which was submitted by the last general conference for the churches to vote on. It looks to the admission of women to the general conference. The amendment was voted down.

Iowa Women Vote at School Election

Des Moines, Iowa, March 12.—Iowa women voted yesterday for the first time at a school election. Much interest was taken in this city. In Sioux City a woman candidate for the school board was snowed under. The women over the state voted spasmodically, in some places heavily, in others hardly at all.

ITS CLOSING DAY.

Indiana House Has an Exciting Time
for Its Last Session.

Indianapolis, Ind., March 12.—The legislature adjourned at midnight last night in the midst of something very like a rough and tumble fight. No such scene of wild uproar was ever witnessed in the Indiana legislature before.

The trouble arose out of a well-planned scheme to balk Gov. Matthews, who had determined to prevent the assembly passing over his veto a bill to take the control of the state house out of the hands of democrats. The bill in question, with the famous fee and salary bill, was due at the session not later than 11:55 p. m. The fee and salary had the governor's signature, but the state house bill carried his veto. Five minutes left before the hour of adjournment was not sufficient to pass the state house bill over the veto in both branches. The scheme was to intercept Secretary King in the elevator and keep him from returning the bills so that they would become laws under the constitution, the same as if they had been signed. The scheme succeeded, King being delayed until the hour of midnight arrived, and the house adjourned. The two bills thus became laws.

The closing day of the legislative session was made the occasion of an exhibition of bad blood between Gov. Matthews and Lieut.-Gov. Nye. One of the first acts of the lieutenant-governor when the senate opened in the morning was a ruling that no more bills could pass the senate, a ruling in which he is sustained by the constitution, that says no bills shall be sent to the governor within two days of the close of the session. Gov. Matthews, however, had decided to waive his constitutional prerogative in a number of cases, but the lieutenant-governor was firm, and would not recede from the position he had taken.

Both branches of the legislature spent the day largely in horse play. There was no chance to adjourn until the governor returned the fee and salary bill with his veto, and this he had a right to hold until 11:55, that being the hour at which he received it Friday night from the house.

All doubt of the fate of the Nicholson bill was quieted at 3:10 in the afternoon, when the governor signed it. That its legality will be tested in the courts is said to be morally certain.

The legislature adopted the prison committee's report, which severely rips up the Northern prison management of Warden French for establishing a bicycle factory at Michigan City. The new wardens and prison boards will be elected to-day. Charles Harley of Delphi, chairman of the tenth congressional district, will be warden at Michigan City, and Tobias Hart, mayor of Brazil, will be warden at Jeffersonville, to succeed Warden Patten.

The Indiana World's Fair commission was denounced in the house for its extravagance and the assertion was made that \$65,000 was expended on the Indiana building which looked as if it could not have cost over \$15,000. The remaining funds (\$2,000) will be turned over to the Indiana battleship fund.

Peace May Come in the East.

London, March 12.—A dispatch to the Times from Peking says the Chinese government, through the United States ministers, Messrs. Denby and Edwin Dunn, has already agreed upon the points in the peace conference regarding the independence of Corea, the cessation of territory, and money indemnity. The amount to be agreed upon by the envoys. It is expected an agreement will be signed at an early date.

Line of Surf Steamers.

City of Mexico, March 11.—J. A. Robertson, general manager of the Monterey & Mexican Gulf railroad, is negotiating with the Illinois Central railroad company for the establishment of a through line of steamers between New Orleans and the Port of Tampico, Mexico. Arrangements for the operation of the new service have been practically completed.

Hundreds of Cubans are Missing.

Nassau, N. P., March 12.—Advices received here from the province of Santa Clara, Cuba, say hundreds of Cubans are missing from their homes there. Nobody professes to know where they have gone. It is reported that Matagosa is assembling another band between Santa Clara and Cienfuegos. The government, it is said, has sent troops after him.

Gresham Is Improving Rapidly.

Washington, March 12.—Secretary Gresham, although still confined to his room, has very much improved the last few days. His physician reports he is getting along very well and is practically out of all danger, but for prudential reasons will be required to keep to his room for several days.

Frank Craig Out in One Round.

London, March 12.—In the boxing match last evening between Frank P. Slavin, formerly of Australia, and Frank P. Slavin, formerly of Australia, and Frank Craig, the Harlem "Coffee Cooler," for a purse of \$5,000, Craig was knocked out in one round.

Lord Rosebery Over His Influenza.

London, March 12.—Lord Rosebery has almost entirely recovered from the attack of influenza which has confined him to his house for nearly two weeks. He went to Windsor yesterday in order to have an audience with the queen. Her majesty starts for Nice Wednesday.

Russian Imperial Yacht Is Safe.

Athens, March 13.—The Imperial yacht, Czarina, with the Russian minister, M. K. Onou, on board, concerning whose safety some anxiety has been expressed, is ashore on a sandbank. The yacht, however, has not sustained any damage.

Big Battle Takes Place in Peru.

Buenos Ayres, March 12.—Advices from Lima are to the effect that an engagement has been fought at Cabanillas, Peru, between government troops and the insurgents. The government forces were defeated with a loss of 300 killed.

A BAD VINEGAR BILL
LAID ON THE TABLEASSEMBLY HAD A DEBATE ON
THE SUBJECT TODAY.

Measure Prohibited the Coloring of the Imitation And Its Sale as the Genuine Product of the Apple Juice—Senate Passes Unimportant Bills—Both Houses Meet Tonight.

Madison, March 12.—The session of the assembly this morning was taken up almost entirely with the discussion of the bill prohibiting the coloring of manufactured vinegar and selling the same for genuine cider vinegar. Half of the members participated and the bill was finally laid on table. The senate passed a few unimportant bills and both houses will meet again tonight.

ADMIT THEY KILLED GIBBS.

Clarence Robinson and His Wife to Be
Tried at Buffalo.

Buffalo, N. Y., March 12.—The district attorney moved the trial in the Superior court today of Clarence and Sadie Robinson, indicted for murder in the first degree for the killing of Montgomery Gibbs, a young lawyer, a year ago. Gibbs was walking alone up a residence street, bordered with mansions brilliant with lights, about 10 o'clock in the evening. Suddenly three pistol shots rang out in quick succession and Gibbs was found dying from a bullet wound in the head, lying in the driveway leading to a fashionable residence. He expired without uttering a word. His assailants had vanished and left nothing as a clue to their identity. Several months later the Buffalo police received word from the police of Cleveland that they had Clarence Robinson under arrest and had learned that he was implicated in a Buffalo murder. An officer went to Cleveland and arrested Robinson's wife, Sadie, who, thinking that her husband was to be charged with murder, confessed that she killed Gibbs. Robinson, learning that his wife was under arrest for the murder, made a clean breast of the matter, telling how he and his wife had gone out to "hold up" somebody that night, Sadie being attired as a man. Gibbs had resisted and in the tussle he had been shot. The district attorney has found the disguise which Sadie wore on the night of the murder.

GET AN IMMENSE ESTATE.

Sum of \$16,000,000 to Be Divided
Among Buffenbarger's Heirs.

New York, March 12.—Three brothers whose surname is Buffenbarger and who lived in Springfield, Ohio, received a visit from another brother, Elijah, in the fall of 1853. Nothing more was heard from him until several months ago, when the children of the three brothers were advised by the consul-general at Rio Janeiro that Elijah had died in Brazil, a bachelor, apparently intestate and had left a fortune estimated to be worth \$16,000,000. Among the heirs are Mrs. Judge D. C. Badler of Columbus, Ohio, and Mrs. J. Crawford of this city. They engaged ex-Speaker Warren L. Keifer, of Springfield, Ohio, as consul and sent an attorney to Brazil. A telegram received from Springfield says that a letter has come from the lawyer sent to Brazil, in which he says the heirs will get their money in a few months.

Miners Claim a Victory.

Pittsburg, Pa., March 11.—The strike of the miners of the Pittsburg district has reached that point where both sides are claiming the advantage. The miners say they have now over 5,000 men working at the 69-cent rate. The fourth pool operators held a conference Saturday evening at which they agreed to pay the 69-cent rate, and most of the men returned to work this morning. The remainder will be at their places tomorrow.

Wyse Beaten by His Wife.

New York, March 12.—Judge Freedman in the special term of the superior court to-day handed down his decision in the case of William S. Wyse against his wife, Marie S. Wyse, giving a judgment in favor of Mrs. Wyse. Wyse sued to recover property worth \$150,000, which he said his wife had obtained from him when he was mentally unsound.

Admits He Tried to Wreck a Train.

Valparaiso, Ind., March 12.—Henry Heck, formerly of Chicago, was arrested yesterday for the attempted wrecking of the fast train on the Nickel-plate Saturday night. He was brought to this city and admitted he did it, saying he had no assistance and that he was drunk.

Grover Skillful with His Gun.

Cape Hatteras, N. Y., March 12.—The President had good success yesterday hunting and carried a quantity of game aboard the Violet. A light rain prevented his going out in the afternoon. The weather is now threatening. If it does not clear up the steamer will leave this morning.

Move a Deserted Village.

Ashland, Wis., March 12.—All the buildings of the deserted village of Morse will be removed to Ashland and used as tenement buildings. Contractors have undertaken the task of moving them by rail, and work was begun yesterday.

Spain Sends More Troops.

Madrid, March 12.—The Spanish authorities are acting on the belief that the Cuban insurrection is a gigantic affair. Six more cruisers and nine additional gunboats, with 2,500 more troops, have been ordered to the island, sailing March 20.

Nothing Done at Springfield, Ill.

Springfield, March 12.—The proceedings of the house and senate were merely perfunctory last night. Nothing worthy of mention transpired, owing to the slim attendance of members.

COUNTY TALES TOLD IN VERY FEW WORDS

ROLLA FRINK OF MILTON JUNCTION, WILL DIE.

No hope for the victim of the accidental fall on the ice—Mamie Coon had a hard fall—Dr. Halsey's lecture—The week at Milton—County News.

MILTON JUNCTION, March 12.—Rolla Frink is lying at the point of death with no hope of recovery as the result of falling on the ice some time ago. Little Mamie Coon met with quite a serious accident on Sunday. She was in the loft of the barn with her brother who was pulling down hay for the horses when she pushed against the left door. The door was not fastened and her weight forced it open and she plunged headlong to the frozen ground twelve feet below. Her brother jumped out after her and brought her to the house. She received a bad cut on the head but it is hoped that no serious results will follow. Rev. Halsey of Janesville was in town Monday and delivered his lecture at the M. E. church in the evening. Subject, "What Young Women Think Young Men Ought to Be." Mrs. McClafferty and children have moved back to town after spending the winter with Mrs. Vincent's at Rock River. Mr. and Mrs. Gates of Clinton visited their son Will of this place last week Tuesday. Mrs. I. B. Clarke is moving into part of Anna McClafferty's house. Mr. and Mrs. Field start in a few days for Toccoa, Wash. Mr. and Mrs. C. M. Williams of Albion visited at E. Frink's Sunday. Mr. and Mrs. Alfred Henderson of Edgerton, have been staying a few days with relatives here. R. Greenman was taken quite sick Monday. Mrs. Lickner was also taken suddenly sick Sunday night. Mr. Adst of N. D., has been visiting his uncle, Dr. Lickner, for a week or more. George Hassinger has moved into his home here, the one formerly owned by Mrs. Hazzard. It is said that Mrs. Dora Martin will move onto the Riley farm. George Thorpe is to move his family from this place to Whitewater soon. Many friends are sorry to lose this family from society here. About thirty of the classmates of Miss Jennie Thorpe gave her a surprise party Monday after school, taking their supper with them. Jennie will be greatly missed by her little friends. Mrs. B. Wilson and children of Edgerton, spent Saturday at the Junction and attended the S. D. B. church. A. M. Knoff of Utica, is canvassing the town selling seed potatoes. D. B. Coon and family of Utica, were visiting relatives here last week. Buland Burdick, with her younger sister from Walworth, are at Charles Clarke's for an extended visit. Their father brought them up and stayed Monday night.

THE WEEK'S NEWS AT MILTON.

The Items of Interest Sent From the College Town.

MILTON, March 12.—carload shipments and receipts at this station last week make a good showing for the dull season. Shipments were two cars of hay, one of emigrant moveables, one of hogs and one of oats. Receipts include one car of tobacco, one of coal, three of lumber, one of oil meal and one of nails and barbed wire. Mesdames E. M. Dunn and W. A. Clarke were called to Walworth Friday by the dangerous illness of their mother. C. N. Flagler, formerly a resident here and a student in the college, can now write his name with the prefix of Hon., having recently been elected mayor of Lime Springs, Iowa. He is also cashier of the bank at that place. W. P. Clark shipped a pair of his famous white Wyandotte pullets to M. F. Howard at Rice Lake, this week. George E. Halsey, the Chicago druggist, was the guest of Dr. Crandall Thursday and Friday. Albertus Burdick of Dodge Center, Minn., who represents the Challenge Windmill Co., of Batavia, Ill., spent Saturday and Sunday here as the guest of relatives. This was his first visit to Milton since 1859. Mrs. Jane Davis, of Rockford, visited Milton relatives and friends last week. Clem W. Crumb spent Sunday and Monday at home. Frank Root left on a two weeks' trip Monday. The total eclipse of the moon Sunday night drew a big audience and was a complete success. Miles Rice lost another good cow this

week. M. J. Plumb has several on the sick list in his family. The winter term of the college closed today. The spring term opens Wednesday, March 31. Rev. Mr. Chambers, of Seymour, occupied the pulpit at the Congregational church Sunday morning. Harrison Coon, of Fulton, was the guest of Hon. P. M. Green this week.

WEDDING SOLEMNIZED AT AFTON.

Frank Blunk and Miss Rose Eldredge United in Cupid's Bonds.

AFTON, March 12.—Today, at high noon, the marriage ceremony uniting Frank Blunk and Miss Rose B. Eldredge as husband and wife was solemnized. The ceremony was performed at the residence of the bride's parents, Mr. and Mrs. W. H. Eldredge. A very enjoyable party was that given by Mrs. George S. Otis on Thursday evening last, in honor of her sister-in-law, Miss Hattie N. Otis, who has been her guest for a few days. Those present were: Misses Myrtle M. Eldredge, Vienna P. Waite and Lois A. Waite, and Messrs. Leonard McCrea, F. R. Eldredge and U. G. Waite. It is now affirmed on good authority that the C. & N. W. yards here are to be enlarged by the laying of a new side track 2,600 feet long, the building of which will commence as soon as the frost is out of the ground. Gustav Nohr has purchased the Andrew Larson farm, situated about a mile north of Afton, turning in his village property here as part payment. One new member was adopted at the last meeting of Afton Camp No. 2192 M. W. A. and one new application for adoption received. Mrs. G. R. Charles was called to Lima last week by the serious illness of her mother, Mrs. Cowles. Mrs. Edward Hammel accompanied by her three daughters, left Saturday for a visit with relatives at her old home near Watertown. Miss Mabel E. Libbey, of Walworth, and Miss Nellie Cummings of Tiffany are guests at W. H. Eldredges.

THE GRIP RAGES AT SHOPIERE.

There is Hardly a Well Person in the Town These Days.

SHOPIERE, March 12.—There is hardly a well person in this town, nearly all being sufferers with the grip. C. H. Weirick is building an addition to his store, as he intends to carry a large stock of goods. The Modern Woodmen are taking in many new members this spring, and soon all the able bodied men in our territory will be carrying the brand of the M. W. A. The cinch parties held at the hall the past two weeks, have been enjoyed by all. At the first party, Mrs. Charles Rice received the first prize for the ladies, while J. Weirick won the first gentlemen's prize. At the second party Mrs. Ed. Carpenter won the ladies' prize, while H. Saseman captured the gentlemen's. Those receiving the other prizes would not, perhaps, care to have their names appear.

News From Lima Center.

LIMA CENTER, March 12.—But few homes in this community are free from sickness as many are down with the grip. S. S. Burnham and wife of Elkhorn, and S. Barker and wife of Millard, visited friends in this community part of last week. Mr. Glennan of Milwaukee, made a short visit at the home of his father-in-law, Fred Gould, last Thursday. Alton Cowles of Milwaukee, and Mrs. G. E. Charles of Afton, are visiting their mother, who is on the sick list with the grip. Miss Ella Barker returned last Thursday, after a three weeks' visit with friends at Millard and Elkhorn. Mr. Parker went to Milwaukee last Saturday on business, and Mr. Mitchell of Elm Green, looked after the business at the depot in his absence. Mr. Bear of Fulton, visited at D. Bacon's last Saturday and Sunday. There will be a union prayer meeting at the United Brethren church next Wednesday evening, and all are invited. Mrs. S. Bullock left Tuesday to spend a few weeks with her daughter, who resides at Neenah. Frank and Delia Barnes visited Milton friends Saturday returning Sunday. A shadow social at T. J. Godfrey's next Friday evening, to which all are invited.

Notes From North Johnstown.

NORTH JOHNSTOWN, March 12.—The fair and oyster supper was a success, and the society cleared twenty-five dollars. Harry Newton is about sick with a severe cold. It is reported that Dexter Gray went to Michigan last week and brought back a new wife. Many friends wish them much joy and hope they may have a long and happy life together. Rev. Jones goes to Rutland this week to help in a revival meeting. Mrs. Thomas Gogor is on the sick list. Mrs. H. R. Osborn is also on the sick list with a severe cold. Temperance Sunday March 24, will be observed with appropriate service.

Clarence's Error.

"You have gone too far!" Mabel Devere stood at her parlor door, and gazed steadily at Clarence Devere, who was walking up the stairs leading to the next floor. When he heard those well-loved accents, he turned and hurried down to where Mabel was standing.

He had suddenly remembered that she lived on the fourth flat and not on the fifth.

The six by nine smile on her face told him that he was forgiven.—Brooklyn Eagle.

The Reason, Perhaps.

"I wonder," mused the fluffy girl, looking in the fire in a musing mood, "I wonder why June is the month supposed to be the best suited for weddings?"

"Perhaps," ventured the sharp-nosed girl, "perhaps it is so arranged in order that the young couple shall not have the honeymoon spoiled by any rows as to who shall get up on cold mornings to light the fire."—Indianapolis Journal.

TO FIX OR FENCE UP THE "LONG BRIDGE"

JACKSON STREET STRUCTURE IS IN BAD SHAPE.

Ice Has Started the Piles and When The Fire Department Went Over It On Their Way to The Allison Factory They Made It Tremble—Council Didn't Meet.

"Something will have to be done with the Jackson street bridge or the city will have a damage suit on hand," said one of the aldermen on being made acquainted with the contents of Mr. Carrington's communication offering to give the bridge to the city which, it is said, was to have been presented to the council last evening.

"The bridge has been very convenient for many people," remarked another alderman, "and I believed we will either be compelled to repair or fence it up to prevent accidents."

It was then explained that the bridge had been drawn out of shape by the frost and the ice raising the piles, and that it required immediate attention in order to preserve the structure and make it safe for travel.

Heavy loads passing over the bridge develop its weak points. The fire department in responding to the alarm at the Allison factory recently, passed over the bridge and the fire steamer, which with the team and crew weighs about seven tons, made the bridge roll as though moved by heavy waves, some of the men expressing fears that it would go down under the weight.

The question of accepting the bridge as city property will probably be considered at the next meeting of the council, as it is morally certain some official action must be taken.

Aldermen Child, Heddles, Rich and Winslow were the only members of the council who answered when Mayor Thoroughgood directed Clerk Bates to call the roll last evening, and the council was declared adjourned for want of a quorum. A few minutes later the five tardy aldermen appeared, but it was too late for a meeting. The clerk had previously announced that there was no pressing business to come up. However, it was ascertained before the aldermen left the chamber that George L. Carrington intended to present a communication to the council offering to transfer Jackson street bridge to the city, free of cost, and that John M. Whitehead was present with such a communication. It was this fact that drew out the opinions expressed in regard to that structure.

SEEN ON THE CITY STREETS.

THE ladies of the Congregational church are planning a very fine musical programme for next Friday evening, March 15, when the orchestra for the School for the Blind, together with the Congregational choir and Mrs. Dr. Dickinson will entertain all. The price has been placed within the reach of all, 10 and 15 cents. Come and enjoy the music and readings and don't forget the date.

The fellows all along the ice both up and down, are making a great howl about spring trousers. Just look them all over and then come into the garden of treasures, and we will show you the largest line of \$4, \$4.50 and \$5 trousers ever shown in this or any other town, and we guarantee a fit. SPRING HINTS.

Some Good and Necessary Advice at This Season.

There are Some Things We Must Surely Do.

And This Thing Is By Far the Most Important of Them All.

Everybody needs a spring medicine—a remedy which will strengthen and invigorate the system, and tone up the action of all the organs. The change from cold to warm weather causes a depression of the vital forces, resulting in weakened nerves, impure blood, and inactive organs.

Our esteemed correspondent, Mrs. A. S. Gould, writes us from Garland, Me., some facts in regard to this subject which will be of great interest and value at this season.

"Through the loss of my mother, the sickness of my husband, and the extra work which fell upon me I was thrown into a condition of nervous and physical exhaustion. I grew constantly worse. I cannot find words to express that terrible feeling that existed through my whole system—a feeling of utter weakness and prostration, with strange nervous sensations.

"My right foot was so bad it was with great difficulty I could walk. I had to place my foot every way to keep from falling. My hands and arms were weak, numb and prickly. I was very tired all the time. There was a heavy, dull feeling in my limbs. Nights they seemed like lead weights. When out riding a mile distance, they would feel as though I had lost the use of them. I would move my fingers and arms to see if I could. I expected any day to be found paralyzed.

"Then I began to take Dr. Greene's Nervura blood and nerve remedy. The first bottle did not seem to help me much, but the second bottle did, and made me better. I kept on using it.

MRS. A. S. GOULD.

"Now I am feeling well, can do all my work and sleep well nights. I feel as though a great burden had been rolled away from me. I am doing a great amount of work every day and often walk, besides, as much as two miles.

"I think I will pass for a smart old lady, so much for Dr. Greene's Nervura blood and nerve remedy! I can truly say it has done wonders for me. I cannot speak too much in praise of it, for it has been the greatest blessing to me.

"I only wish other people afflicted with disease would try it—not one bottle, but several, in order to give it a fair trial. I truly think they would never be sorry. My earnest prayer is that this wonderful remedy may go out into the wide world to sick and suffering humanity."

If you want to be perfectly strong and healthy, the best possible thing to do is to take this great curer and strengthener. You can be cured quicker in the spring than at any other season. You must take a spring medicine, everyone knows that, and Dr. Greene's Nervura blood and nerve remedy is the best and most certain, because it always cures.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

A REWARD OF \$100 FOR THE FIRE BUG

COLLING & WRIGHT LOOKING FOR THE INCENDIARY.

Someone Poured Kerosene Over a Pile of Lumber in the Basement of Their Building Last Night and Then Touched a Match To It—Blaze Easily Squelched.

Colling & Wright offer \$100 reward for the arrest and conviction of the person who attempted to burn their building at 104 North Main street last night.

The building is a two story frame structure and is owned by John P. Wright and occupied by the firm, the second story being leased by Edward J. Brown, the cigar manufacturer. The fire bug had broken three panes of glass in a basement window on the north side near the rear of the building, and through this opening had poured kerosene oil on a lot of dry lumber directly under the window. A match was then lighted and thrown in and a sheet of flame shot upwards. A few moments later the blaze was discovered by Fred Little, the night watchman at the Thoroughgood & Co. box factory. Mr. Little hurried across the street and discovered that the fire was burning briskly at the rear end of the basement. He started for the engine room of the factory to turn in an alarm from that company's private alarm box, but a couple of fleet footed boys got the start of him, reaching box 28 at the east side fire station and pulling the hook ahead of him.

The fire department responded quickly and extinguished the flames with chemicals. There was a strong odor of kerosene, which satisfied the officers of the department that the fire was the work of an incendiary. This morning there was still a strong odor of oil.

Watchman Little says he saw no one around the building, and that no one was in sight except the two boys who ran to the fire station with the alarm, they being attracted by the reflection of the fire on the basement windows.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.
It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

An Eager and a Nipping Wind, A continuous down pour of rain, inclement weather, generally in winter and spring, are unfavorable to all classes of invalids. But warmth and activity infused into the circulation counteracts these influences and interpose a defense against them. Hostetter's Stomach Bitters, most thorough and effective of stomachics and tonics, not only enriches the blood, but accelerates its circulation. For a child, or precocious symptoms of rheumatism, or kidney complaint, particularly prevalent at these seasons, it is the best possible remedy. It is invaluable for dyspepsia, liver complaint, constipation and nervousness. Never set out on a winter or spring journey without it. Elderly persons and the delicate and convalescent are greatly aided by it.

 1818—John Lorimer Worden, rear admiral U. S. N., born in Westchester county, N. Y.; he commanded the Monitor when she beat the Merrimack.
 1822—Thomas Buchanan Read, poet, born in Chester county, Pa.; died 1872.
 1888—The "blizzard" prevailed in the north Atlantic states. The severest storm of modern years. A heavy snowstorm preceded by freezing rain and driven by a violent nor'wester blocked railways, tore down telegraph lines and in a few hours impeded travel so that people could not reach their homes when separated from them by only a few miles. In New York city many perished while struggling through the snowbanks. Fatal wrecks were numerous on the coast.

MONEY IN CIRCULATION.

Cheap money men, and people who are constantly clamoring for a larger circulating medium, would do well to study the magnitude of the volume now existing.

The monthly statement for March 1 shows that outside of the treasury one and one-half billion dollars are now in use. Multiply this by three, and the result represents the amount of bank and private capital in circulation.

These vast sums are certainly adequate for all legitimate demands, especially when it is considered that more than 90 per cent of the business of the country is done on paper, cheques, drafts, postal notes, money orders of various kinds, all go to make up the great volume of circulating medium, outside of gold, silver and currency.

If the government possessed unlimited power, and should issue a million dollars a day for the next ten years, it would add nothing to national or individual wealth. The government is neither a bank or a business corporation in national capacity, it is simply the concentrated unit of the United States, comprising what is supposed to represent, delegations of representative men of every state in the union, presided over by a chief magistrate selected by the people at large. Delegated to this national congress of representatives, is the authority to enact laws for the government, protection and prosperity of the people, and to provide by wise legislation the necessary funds for all legitimate expenses. The money may be provided either by direct or indirect tax, but in either event it is contributed by the people for the sole purpose of paying government expenses; if there is a surplus it belongs to the people and the national treasury holds it in trust until needed for legitimate expenses.

The government as a unit, has no right to accumulate wealth, the right to borrow money in cases of emergency is granted, but the right of accumulation is left to the individual. The wealth of a nation is not estimated by the amount of money in the national treasury, any more than the wealth of a city is determined by the amount of funds in the hands of the city treasurer. Individual prosperity and thrift alone are the sources of national wealth.

When the government floats a treasury note, it passes at par, because the people's money and honor is behind it. The gold and silver, whether coin or bullion, is held in trust for the people, to be used as government expenses in cash.

The government is a borrower and not a lender. Should an attempt be made successful to manufacture money for the purpose of loaning, or donating to any class of citizens, it would mean speedy financial ruin. The country is full of money today, from center to circumference; any man who has occasion to borrow will find accommodations in almost any town, and frequently among his own neighbors, there is no lack of money, but there is frequently a lack of collateral on the part of people who are clamoring for free silver, more money and government aid.

More attention to accumulating collateral is what the country needs. The circulating medium is ample for all legitimate demands.

Turned the Tide.

We have the people coming our way and we propose to keep them coming. Shoes 50 cents on the dollar. Our competitors and those who are not our competitors, can swear at us, they have nothing else to do; and wish we were in the land where pack-peddles and long eared people come from, but we don't care, we're satisfying the masses. Come on, good people, we'll sell you the best shoes on earth at 50 cents on the dollar. We're selling out an assignee's stock.

TO-DAY'S TERSE TOWN TALES

"A Breezy Time," a new and clean farce comedy, began what promises to be a big week at Pop's Theatre. Mr. Fitz, a clever specialist, plays a character part very effectively. Miss Kathryn Webster does a soubrette in piquant style and is very clever in the funnier moments. The mandolin octette and racket bell quartette are specialty features. The two stars are well supported by a strong company of clever artists, and the houses will be crowded at each performance to greet these clever artists. At the Grand Friday night.

THESE eyes could be serious at times, and Jack of late had often seen them so. Who was Jack? Why he was the bravest, handsomest, the most manly man in the world, the best boy at college, and the foremost in the football team. In fact, this very same Jack was the hero of a hundred incidents—in her pretty eyes. Who was she? Well, Jack thought of her always as The One. "Poet's Dream" will explain the balance. Step into Prentice & Evenson's and get one.

It's policy to buy the best bicycle one can buy and buy from a house that stands behind its goods. We guarantee the Columbia in every respect and as it has stood the test longer than any of them, why isn't it better? It costs no more than an inferior wheel. Lowell Hardware Co.

Why pay a big price for groceries and provisions when you can save at least 25 cents on every dollar's worth you buy. We'll guarantee you this saving. Isn't it worth coming after or telephoning for? Stop our wagon, it passes your door. Dunn Bros.

Lowell—Lowell—Lowell. That name is known to every man, woman and child within a radius of twenty-five miles surrounding Janesville. It has become endeared to them through the simple fact that he gives them bargains never before heard of in this neck of the woods. No combinations exist there; no high prices go. Always laboring to save the people all he can, even if only a penny, while some narrow, contracted souls are standing around cursing him because they say, he will not hold prices way up, thus ruining the town. Such a sale of tinware as is now going on there is a wonder and the prices more wonderful.

LONG STRING of diseases and derangements have their origin in torpor of the liver. Deranged appetite, constipation, headache, sour stomach, gassy belchings, indigestion, or dyspepsia, are due to sluggish liver.

Mr. JOHN A. DUBERRY, U. S. Inspector of Immigration at Buffalo, N. Y., writes as follows: "From early childhood I suffered from a sluggish liver. Doctors' prescriptions and patent medicines afforded only temporary relief. I tried Dr. Pierce's Pleasant Pellets, taking three at night and two after dinner every day for two weeks and then one 'Pellet' every day for two months. I have in six months increased in solid flesh, twenty-six pounds. I am in better health than I have been since childhood. Drowsiness and unpleasant feelings after meals have completely disappeared. A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows: "Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 1902. These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. They positively contain no opiates nor dangerous drugs.

HIS SISTER FOUND BUT IN HER GRAVE

A SAD MISSION BROUGHT HENRY PERAU HERE.

She Had Not Been Heard From For a Long Time But He Finally Found Her In Janesville but Learned That She Died a Year Ago—Other City News.

It was a sad mission that brought Henry Perau and his sister from Logansport, Ind., to Janesville, this morning. They were in search of the remains of their sister, Mary Perau, of whose death a year ago, they had just learned. The latter left home about two years ago, and coming to Janesville, worked at the Hotel Myers as second cook. While there she was taken sick with consumption, and after receiving the best possible care at the hotel for two months she was finally moved to the county hospital at Johnstown, where she died on January 23d, 1894. The authorities at Johnstown, not knowing the home of the young lady buried at the county's expense and the whereabouts of her relatives were unknown until today. Relatives in Logansport had wondered what became of her for a long time but finally traced her to Janesville and found on the record of the county hospital that her death occurred on the day named.

We always have the interest of our town at heart. We bought the North stock, brought it to Janesville at once and gave the people advantage of the low prices and pick of the stock. We didn't have the carcass skinned in some other town and bring the bones here for our people to pick. Brown Bros. & Lincoln.

Healthful Pleasure.

One of the most healthful exercises a person can partake of is riding a bicycle. This exercise has often been recommended by physicians; but heretofore bicycles have been so high priced that only the favored ones could buy, but this season it's different; a anybody can have a bicycle, especially the famous Andrae. This is one of the best wheels made; has but few equals and no peers. F. Randall will have a full stock of them at 159 West Milwaukee street, where he will do all kinds of bicycle repairing and rebuilding. He is busy now unpacking and putting a room full of wheels together. Besides conducting a general repair shop and talking Andrae bicycles he will teach ladies to ride, having a nice large room. Any lady can learn to manage a wheel without appearing on the street. This is a feature of the business that will no doubt please the ladies. Mr. Randall's opening will occur in a day or two when you can see the finest wheels on earth—the Andrae.

TWO EDGERTON MEN SENT TO WAUPUN

PLEADED GUILTY TO A CHARGE OF BURGLARY.

John Keller and William Stricker Who Stole a Keg of Bitters Sentenced to One Year Each In The Service Of The State—Henroth Had a Record—Police Doings.

John Keller and William Stricker, who burglarized an Edgerton saloon, securing a keg of bitters as booty, will serve one year each in Waupun prison as the penalty for their drunken debauch. Keller and Stricker were brought into the municipal court this morning and pleaded guilty to the charge, when Judge Phelps pronounced sentence. Sheriff Appleby will take the pair to prison tomorrow morning.

Paul Watson who is charged with receiving stolen property, he having been given some of the bitters taken by Keller and Stricker, gave bail in the sum of \$200 to appear for trial on April 2. Watson, who has not been in jail, but simply under bonds, claims that he had no part in the affair other than accepting some of the liquor.

Flynn, Crowley and Franklin, the alleged car thieves, were held for trial March 20 in bonds of \$1,200 each, the examination concluding this afternoon.

Maggie Johnson an Expert.

Maggie Johnson is not only an adept in the art of cooking, which she claims to be her regular occupation, but is no novice as a witness in the box of a criminal court. She was on trial today in the municipal court on charge of using abusive language and provoking an assault; and gave evidence of being capable of flavoring her testimony as well as her cooking. Several times Judge Phelps was compelled to call the spectators to order, but at times, the sharp pat answers of the defendant witness provoked laughter that it was impossible to suppress.

Maggie came here about two weeks ago from Chicago, she having been engaged through a Chicago employment agency as a cook at the Park, her wages in case she remained a month and was satisfactory was to be ten dollars a week, or eight dollars for less time. A disagreement arose in ten days, and she notified the landlord that she had quit his employ, whereupon a dispute arose about her pay and the language alleged in the complaint followed. Maggie was arrested, and in default of bail was sent to the Appleby house. Her trial is by a jury of six, E. M. Hyzer appearing for the state and E. D. McGowan for the defendant. Spectators in the court are offering odds that acquittal will follow.

Henroth Has a Record.

It now appears that Edward Henroth, the man arrested by Sheriff Appleby at Chicago on the charge of receiving stolen goods, has quite a record.

Lake Geneva people seem to know him quite well, and say that he has worked for several farmers in that vicinity, and was one of the gang held for the assault of a woman last summer. He is now under bonds to answer on that charge at Elkhorn.

On Monday, February 25, a couple of fellows showed up at Geneva and inquired for Ed. Henroth. After they found him the three had a very confidential talk for a couple of hours, and the strangers left town in time to catch the train on the St. Paul road for Beloit. The next morning Henroth went to Chicago and at the depot stated that he intended to see the plaintiff in the assault case, and fix her so she would not appear against him.

The day after the goods were stolen from Lone's store in that city it is alleged that Henroth stated he knew who took them, and if Lone would offer a reward, he could tell who took them.

The fact that the thieves who broke into Lone's store were traced to Beloit; that Henroth seems to have acquaintances there and that he is reported to have hinted his knowledge of the robbery, would go to prove that there is some connection between the gang now in jail at Janesville and the Lake Geneva robbery.

FEAR GERMS IN MAIL

Postmaster Wilson Asks to Be Notified Of Cases Of Contagion.

The United States postal authorities now demand that municipal authorities, especially where letter carriers are employed, report the location of places where contagious diseases exist, that letter carriers may be fully informed thereof. Postmaster Wilson has notified Mayor Thoroughgood of this fact, and in accordance therewith the mayor has instructed the health officer to so report all cases coming to his notice, and requests all parties who may be informed of contagious disease not under quarantine regulation to so notify the authorities. Postmaster Wilson's communication to the mayor reads as follows:

TO THE HONORABLE MAYOR OF JANESVILLE: DEAR SIR:—Allow me to respectfully suggest that hereafter the postoffice should be kept officially informed of the precise location of contagious diseases in the city, whether the premises are quarantined or not. I have very good reasons for making this suggestion, and if such cases are properly reported to the Health Department, the extra work of notifying the post office would not be very heavy. I know of no surer method of spreading contagion than through the handling and general distribution of infected mail. It is a subject that concerns the people of the entire city. Very Respectfully, A. O. WILSON, P. M.

Natural Gas for Mormons.

Salt Lake, Utah, March 12.—This city is rejoicing over the final arrival of natural gas, which has been piped from the wells fourteen miles distant. The completion of the first connection was celebrated by the illumination of the main streets with flambeaux turned on at high pressure from the mains at the Temple block. The supply is brought to the city by an English company, and will be connected with the mains of the local gas company, which has contracted to supply a number of large local manufacturers and city consumers at a price low enough to displace coal as a fuel. The wells already improved have an aggregate output of 20,000,000 feet per day. The supply already available is ample for the entire demand of the city for domestic light and heat, with a good surplus for manufacturing purposes. A formal celebration of the new enterprise is to be held in a few days under the auspices of the Salt Lake Chamber of Commerce.

She Had Been Ill All Winter With the Grip But Had Not Been Confined to Her Bed, So Her Demise Was a Great Shock—The Record of Death.

Death claimed the spirit of Mrs. Thomas W. Carruthers while she slept this morning.

When she retired last night she was as well as she had been for some weeks past, but scarcely had the sun of the new day appeared above the horizon when her husband discovered that she had ceased to breathe and that life's troubles, for her, were over.

Mr. and Mrs. Carruthers lived in a cozy little home on McKee Boulevard in Spring Brook addition. Mr. Carruthers being the engineer at the Extract Company's plant. All winter Mrs. Carruthers had been suffering with the grip and heart trouble but she had not been confined to her bed. The disease did not seem to be of a serious form and no concern as to her health was felt. She was able to be about the house and although unwell she was not really ill. When she retired last night, she was apparently no worse than she had been for weeks. Her husband noticed that she seemed uneasy in the night and tossed about in bed, but otherwise she seemed to be no worse. She was asleep, to all appearances, and did not awake until this morning.

Her slumber had begun on earth but it ended in Heaven, for at 7 o'clock her heart ceased to pulsate and all that remained was the lifeless clay.

Mrs. Carruthers was but twenty years and seven months old and her sudden death is a terrible blow to the husband to whom she was more than a life itself. To him, in the hour of his deep bereavement, will go out the tenderest sympathy that the human heart knows. A father, mother, four sisters and one brother are left to combine their sorrow with his and extend the comfort that only those who suffer in common can proffer. The funeral arrangements have not yet been made and cannot be announced until a sister in Dakota is heard from, but the remains will be taken to the town of Plymouth for burial.

Walter W. Jerome.

Walter W. Jerome died last evening of paralysis, aged sixty-nine years. Mr. Jerome was a civil engineer, engaged for many years in railway work. Some seven or eight years ago he was stricken with paralysis, from which he never recovered. The funeral services will be held at the home of his brother, L. D. Jerome, 58 North High street, at 2 o'clock, tomorrow afternoon.

Mrs. John Bertness.

Mrs. John Bertness died at her home two miles southwest of Hanover, aged sixty-nine years. She leaves a husband and a family of five sons and two daughters. The funeral will be held from the home at 11 o'clock Wednesday morning and from the Lutheran church at Orfordville at 1 o'clock in the afternoon. The burial will take place at Orfordville.

SPRING DRESS GOODS.

Artistic Fabrics Show Great Variety in Tint and Design.

Velvet cloth and crepon are the fashionable materials. The new spring crepons are really beautiful merely as objects of art. There is an immense variety of weaves, all rather large in their effect, and in both all wool and silk and wool goods there is nothing left to be desired. The taste for bright, clear colors still prevails, and all shades of rose, green and blue are well represented, besides the usual large assortment of patterns in black. Crepon has had a great vogue and shows no sign of yet retiring from public favor.

There are also a number of fine fancy weaves in dress goods, two tones being often employed, black being usually combined with some color. The fancy weaves in all black goods are particularly attractive, showing fine brocade effects.

In standard materials at a lower price, such as serges and henriettas, there are a number of reds and clear browns shown. These are picturesque and serviceable colors and bid fair to be much worn.

Satin striped challies are seen in profusion. The designs are mainly of a floral character and are fine and well distributed.

STREET GOWN.

over the ground, although there are a number of medium size patterns on pale tinted grounds—green or lavender. Floral and Persian patterns are largely seen among light china and india silks, while wash silks in stripes are very much like those worn last year. There are a great many thin and inexpensive all silk crepons in solid colors and printed designs destined to partly usurp chiffon, china and glace silks in the making of separate bodices.

Velvet for trimming these bright, light fabrics is brought out in all the delicate and clear shades in which the silk patterns are printed—pale green, turquoise, lavender, rose and straw.

The gown illustrated is of heliotrope boucle goods. The back is in princess style without a middle seam. The front of the bodice is laid in a large plait, with a blouse effect at the waist. The gigot sleeves are plain. Barettes of white cloth embroidered begin at the bottom of the armholes in the back and are brought down to the waist in front, where they form loops, which hang upon the skirt in front, with long, heliotrope ends finished with passementerie drops. The collar and small plastron are of velvet.

JUDIC CHOLLET.

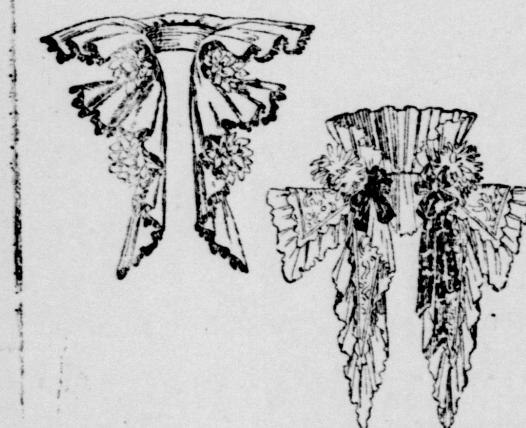

MILLINERY MODES.

It is to be Another Flower Season—The New Straws.

Hats of moderate size are now the rule, while bonnets range from medium dimensions to a mere bunch of flowers and velvet. A great many ostrich tips are seen, but the indications promise another flower season. Modern artificial flower making has become a branch of high art, and nothing can be more delicate and charming for millinery purposes than the sprays and clusters of leaves and flowers now displayed in the shops.

The liking for metallic effects does not seem to diminish. Spangles and beads of all colors are applied to lace and ribbons, feathers and velvet, and this sort of trimming is particularly effective by artificial light. These spangled decorations are therefore employed not only for evening bonnets, but for elaborate theater bodices, and when used with judgment and taste are extremely pleasing.

Bonnet strings are again worn. They are now made of piece velvet, shaped to

COLLARS.

the purpose and made just long enough to cross under the chin, where they are fastened with a small jeweled brooch.

The latest velvet ribbon has a jetted edge. Piece velvet is much used for trimming and usually has a richer effect than ordinary velvet ribbon.

The veil worn with the larger hats is a double width net, thickly spotted with chenille, worn as a loosely drawn veil over the hat, and not put on first and the hat placed over it, as some Philistine young ladies, even among good dressers, are in the habit of arranging their veils. The ends should be allowed to drop a little behind and not wadded into an awkward bunch to get them out of the way.

Fine, mixed straws are to be worn this spring. Some pretty ones are shown in navy blue and white in close, narrow brimmed shapes.

Separate, highly ornamented collars are still in vogue, and novelties are being continually produced. The first one, for a middle aged woman, is of green satin and spangled lace. It is adorned with pink portulacas. The second collar is of plaited mauve satin. The lower portion consists of a flounce of cream guipure and mouseline de soie, falling in points in front. Mauve chrysanthemums and ribbon form the trimming.

JUDIC CHOLLET.

Fashion is what one wears oneself. What is unfashionable is what other people wear.

Too Much for Grandpa.

"Grandpa," asked his inquisitive grandson, "do hens make their own eggs?"

"Yes," replied the old gentleman, "indeed they do, Johnnie."

"And do they always put the yolk in the middle?"

"They do indeed, Johnnie."

"And do they put the white around it to keep the yolk from rubbing off?"

"Quite likely, my inquisitive little boy."

"And then, grandpa, who sews the cover on?"

This stumped the old gentleman, and he

barred Johnnie's mouth with a lollipop.—N. Y. Recorder.

PAIN'S cracks.—It

often costs more to prepare a house for repainting that has been painted in the first place with cheap ready-mixed paints, than it would to have painted it twice with strictly pure white lead, ground in pure linseed oil.

Strictly Pure White Lead

forms a permanent base for repainting, and never has to be burned or scraped off on account of scaling or cracking. It is always smooth and clean. To be sure of getting strictly pure white lead, purchase any of the following brands:

"Southern," "Red Seal," "Collier," "Shipman."

For Colors.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

Send us a postal card and get our book or

paints and color-card, it will probably save you a good many dollars.

THE FIRST THING IN THE MORNING

take a little Carlsbad Sprudel Salt in a glass full of water. That will set you right and keep you right, if you're inclined to be bilious or dyspeptic or constipated.

People wonder, sometimes, why it is that the Carlsbad treatment, the world's remedy for habitual constipation, should be recommended for diarrhoea and such disorders, too. Simply, because it leads the stomach and bowels naturally into a healthy condition, whatever their derangements—it doesn't accomplish its results by harmful irritation, as most pills and purgatives do.

Beware of imitations sold as "improved" or "artificial" Carlsbad Salt.

The only genuine Carlsbad Salt, with all the properties of the Sprudel Spring solidified, has the seal of the city of Carlsbad and the signature of "EISNER & MENDELSON CO., Agents, New York," on every bottle. All others are worthless imitations.

Cures Rising Breast

"MOTHERS' FRIEND" is the greatest blessing ever offered to the child-bearing woman. I have been a midwife for many years, and in each case where "MOTHERS' FRIEND" was used it accomplished wonders and relieved much suffering. It is the best remedy for rising of the breast known, and worth the price for that alone.
